ACCESSORIES

RETROFIT

Rolls-Royce Guardian (*ZHA*)
Standard Leadtime

Your current configuration includes a Rolls-Royce accessory. An Ownership Services order will be automatically generated for accessories when the order is frozen. Please be aware accessory pricing is not shown in the configuration, please consult your ownership services team for actual prices.

ENGINE / TECHNICAL DATA.

ENGINE DATA

ENGINE POWER

400 kW (544 hp) / 5000 - 5500/min

CAPACITY

6749 cm³

ENGINE TORQUE

1000 Nm

CYLINDERS/VALVES

12 / 4

CONSUMPTION

WLTP CONSUMPTION (COMBINED)

17.2 mpg

WLTP CO2 EMISSIONS (COMBINED)

373 g/km

STATIONARY NOISE LEVEL / 1/MIN

87 db(A) / 3750/min*

PASS-BY NOISE

66 db(A)*

*The values measured in accordance with UN/ECE Regulation No. 51/EU Regulation 540/2014 are rounded.

PERFORMANCE / WEIGHT

TOP SPEED

155 mph

ACCELERATION (0-62 MPH)

5.2 s

UNLADEN WEIGHT EU

2805 kg

FUEL TANK CAPACITY

90 litre

DIMENSIONS

LENGTH / WIDTH / HEIGHT

5355 mm / 2000 mm / 1835 mm

WIDTH INCLUDING MIRRORS (DRIVER / PASSENGER)
2164 mm

WHEELBASE (TURNING CYCLE)
3295 mm (13.2 m)

LUGGAGE CAPACITY
612 litre - 1886 litre

BLACK BADGE CULLINAN SERIES II (RHD)(32HA)

[1] Official data on power consumption and electric range is determined in accordance with the mandatory measurement procedure and is compliant with Regulation (EU) 715/2007 valid at the time of type approval. The figures shown consider optional equipment and the different size of wheels and tyres available on the selected model. Changes of the configuration can lead to changes of the values. For vehicles that have been type-tested after January 1st, 2021, the official information no longer exists according to the NEDC, but only according to the WLTP. Values are based on the new WLTP measurement procedure. Only compare power consumption and electric range figures with other cars tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including the starting charge of the battery, accessories fitted (post-registration), variations in weather, driving styles and vehicle load. Further information about the official fuel consumption and the specific CO2 emissions of new passenger cars can be taken out of the "Guide to Fuel Consumption, CO2 Emissions and Electricity Consumption of New Passenger Cars", which is available at all selling points and at <https://www.gov.uk/co2-and-vehicle-tax-tools/> in the United Kingdom, <https://www.dat.de/co2/> in Germany and or your local government authority.
